The personal driver of Serbian List Party Chairman Slavko Simic has prevented the arbresh.info portal team from carrying out his task.

According to reports by arbresh.info, Simic visited a secondary school and later the so-called parallel municipality of Prilluzha. The arbresh.info team was banned to be present to report about the meetings, while Serbian media were allowed to be present.

Moreover, as reported by arbresh.info journalist Elmedina Ballazhi, after her attempt to enter the second meeting, she was attacked by Simic's personnel, striking her with the elbow in the chest and closing the door for her and the cameraman.

The case has not been reported to the Kosovo Police.
